

# CT4N

## eighteen

We are delighted to be your new operator for service eighteen. As part of Nottingham Community Transport, CT4N already operates a number of contracted services including Medilink, Centrelink, Ecolink and all Locallink services. Eighteen will be the company's first commercial service and the company is committed to its long-term success.

The timetable has remained largely unchanged during the day, with buses every 30 minutes from Nottingham and the QMC to Rylands and Beeston, with hourly buses to Stapleford. Unfortunately, due to low numbers of customers using the service, we are not able to replace the evening trips and Trent Barton will continue to operate the 20 on Sundays.

We would love to hear your feedback on how we can improve the eighteen and attract more customers to use the service. So please get in touch by phone, email or social media – our contact details are on the back of this leaflet.

Sample eighteen fares – buy on the bus, change is given:

Sample Fares	Adult			U19
